REFERENCE MARKS

10

- 1 first current maximum
- 2 second current maximum
- 3 electrode
- 4 electrode tip

15

- 5 electrode tip

- 6 distance
- 7 outer conductor
- 8 insulator
- 9 inner conductor

20

- 10 electrode basket made of metal wire
- 11 motor
- 12 transmission
- 13 a measuring unit of the measuring and control device
b control unit of the measuring and control device

25

- 14 controller
- 15 sensor
- 16 contact point on inner conductor
- 17 contact point on outer conductor
- 18 discharge circuit

30

- 19 high-voltage generator
